

# Soundtrack to Your Life

Create a soundtrack to your life based on major moments in your life. Here's an example: [Journey to my Memories](#)

DIRECTIONS: Create a google slides presentation. Name it "Last name First initial / Soundtrack." Example: "Green/Soundtrack"

## Part 1: Playlist (Day 1)

**Make a list of 10 major moments in your life that have contributed to who you are today Examples: births, deaths, meeting someone, family moments, etc.**

- Pick a song for each of these moments that you think accurately depicts why that moment is so important to who you are. \*Include an image and link the song to the image (can be the song's real album art). Please choose "clean" versions of your songs.
- Put your song list in order (like a playlist) This can be done chronologically or according to what you think sounds best.
- Write a synopsis for each song. Answer the following 5 questions:
  1. What is the name of the song and the artist?
  2. Why is the song important to you?
  3. How does the song connect to your life?
  4. What does the song reveal about the kind of person you are or why you think it is important in your life?
  5. What is your favorite lyric from the song?

## Part 2: Album information (Day 1)

***Author autobiography* : This is a brief section about you.**

Answer the following questions:

1. Who are you?
2. Where are you from?
3. Where are you now in life?

4. What is something you like to do? (Hobby, activity, etc.)
5. Where would you like to be in the future?

**Album Notes : This will outline the rationale or purpose for creating the playlist. Answer the following questions:**

1. Describe the album you have created
2. Why did you create this album (“because it is an assignment” is NOT an answer)
3. What do you hope to get out of this project?
4. What song would you like to add in the future?
5. What is your favorite song on the album? Why?

**Album Dedication : This is your conclusion to the album.**

This is where you thank your listeners for listening to your soundtrack or thank your inspirations for helping to create the soundtrack. You can also offer any final reflections about your project.

## Part 3: Album Artwork (Day 2)

**Album Front Cover : This is the front of your album.**

It should include:

1. Title of the Album
2. Your name
3. Design that represents the message of your album (images that describe you)

**Album Back Cover : This is the back of your album.**

It should include:

1. List of songs and artists
2. Design that is similar to the front of your album
